Pay for Parking in the parking garage to the right (\$1.75/hr)

INDIVIDUAL COUNSELING FOR FAMILY CAREGIVERS

If you're currently a caregiver for loved one (e.g., parent, sibling, partner, child), you may qualify for **FREE** caregiver counseling sessions! Caregiving can be a rewarding but stressful experience, with many caregivers benefiting from the support of counseling services.

To QUALIFY FOR No Cost Sessions:

A caregiver must be caring for an adult age 60 and older; in the case of early-onset dementia there is no minimum age requirement. The caregiver does not need to live with the care recipient, but the recipient may not be living in an assisted living or long-term care facility.

The Aging Clinic of the Rockies is proud to offer specialized services in the form of individual counseling to family caregivers of older adults. Thanks to our partnership with the Larimer County Office on Aging, with funding primarily through the Older Americans Act, we are able to offer up to 8 counseling sessions **AT NO COST** to clients.

Topics generally include coping skills, education, connecting to community resources, help making decisions, addressing self-care, and emotional support
